

# CPT 2020 Revision-Add-On Coding for Bilateral Procedures

---

July 31, 2019

You'll want to watch for a revision to instructions for bilateral procedures. The CPT instructions throughout the code set will state that you should report add-on codes two times when the provider performs the procedure bilaterally. You should not use modifier 50 (Bilateral procedure) with add-on codes, the revised instructions will state.
